## Industrial Demolishers disputes OSHA citations

BY JACQUI COCHRAN

Responsibility for the January 26 death of a worker at GE Plastics is being denied by Jonas Johnson of Industrial Demolishers following receipt of U.S. Department of Labor, Occupational Safety and Health Administration (OSHA) citations Wednesday.

Franklin Kent, 37, died of injuries sustained when a high-pressure oxygen distribution tank ruptured at the GE Plastics plant in the Port Bienville Industrial Park.

At the time of the accident, Hancock County Sheriff's Investigator Matt Karl said, "It

appeared Kent was cutting up scrap when he ran out of oxygen in a low-pressure tank. They dropped off another tank to him; whether he knew the difference or not, I don't know, but it was a high-pressure tank.

"There were no gauges or regulator attached. The hose ran straight to the manifold. The manifold couldn't hold the pressure and he was standing over it when it erupted."

Johnson contends, he, the deceased worker, Franklin Kent, Kent's brother, Clark, and Barry Cerre were hired as workers for Goldin Industries Inc., a sub-contractor.

He said, the four of them were only workers, and were not working as employees of Industrial Demolishers.

He added, "This (the receipt of the citation notification from OSHA) was the first I heard from anyone concerning the accident."

OSHA area director Clyde Payne reported, "I don't agree with his (Johnson's) contention."

Payne said as far as he has received from Johnson is a verbal statement. "If Johnson is able to supply evidence proving

OSHA—Page 3

## Shoreline Park wastewater disposal assistance sought

BY LIZ HAAS

The Hancock County Board of Supervisors approved an application for a state Community Development Block Grant of \$400,000 for the extension of wastewater district lines to the Shoreline Park area.

The request, made by Emile Buccola with the Hancock County wastewater district and Duke Levy, an engineer, is contingent upon there being no existing grant applications in the process of approval.

"We wouldn't want this application to interfere with one that may be going through now," said Mike Ladner, board president.

The board will research the matter and give Buccola and Levy an answer on the application at a workshop meeting March 18.

Tony Necaise, Hancock Riding Club president, asked the board to consider getting a horse show

arena in the county.

"We need a horse show arena for our children, because we're having to rent private arenas to have our shows," he said.

"A lot of our riders have received statewide and national attention," he said.

He suggested it be placed in a central location.

"It's going to take 10 acres of land for an arena and decent parking lot," he said. "It doesn't have to be a covered arena, that's something we can work towards."

The board authorized the incorporation into next year's recreation budget for a centrally located arena.

In addition, the board authorized to send a letter to Jim Buck Ross, Commissioner of Agriculture and Commerce, requesting assistance for a

WASTEWATER—Page 3

## Mississippi Coast to host International Science Fair

Mississippi may have one of the lowest education ratings in the United States, but come May, it will have the distinction of hosting the 44th International Science and Engineering Fair (ISEF) to Biloxi.

Greeting arrivals will be Mississippi's own three-time winner in zoology, Nan Nazarettian of Long Beach, and 1992 microbiology winner Judah Friedman of Jackson.

John C. Stennis Space Center hosted a press conference unveiling the 1993 secondary school competition poster.

The poster was created by Stennis Space Center illustrator Charles Swan and follows this year's theme, "Brain Waves."

The colorful poster depicts a mind positioned over a Mississippi Coast lighthouse, symbolizing the ISEF visit to the area.

Swan's poster is scheduled to fly on the Space Shuttle 'Columbia' in March.

More than 750 top high school students from the United States and several foreign countries will compete for the world's most prestigious academic awards.

Students from nearly 400 regional science fairs held throughout the United States and its territories, Japan, Germany, the Republic of China, the United Kingdom, Ireland, Sweden and Canada are expected to participate May 9-14.

The highlight of the fair will be at 6:30 p.m. on Friday, May 14, when the Grand Awards are

presented to the first, second, third and fourth place winners after being judged by 800 professionals from the fields of science, mathematics and engineering.

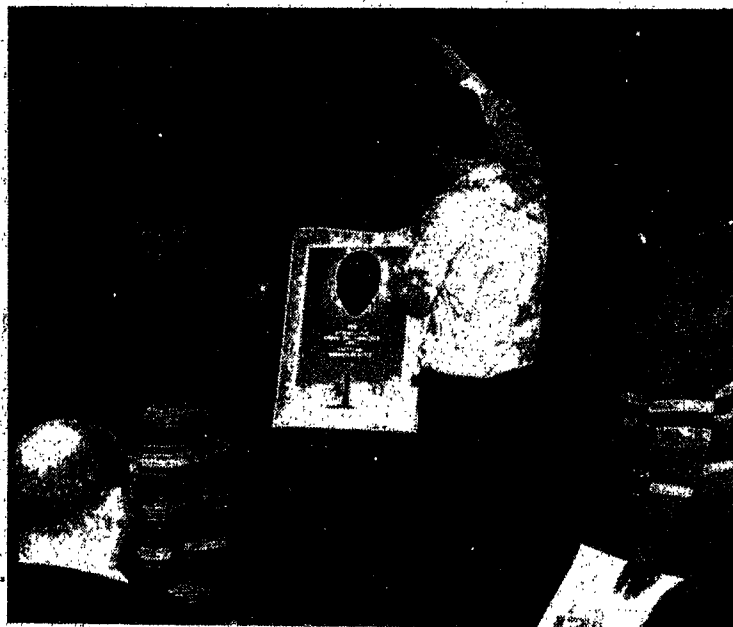

From the first place Grand Awards winners, two students will be named the overall winners and receive all-expense-paid trips to the Nobel Prize ceremonies in Stockholm, Sweden.

During the week-long competition, students exhibit projects in 13 disciplinary categories: behavioral and social sciences, biochemistry, botany,

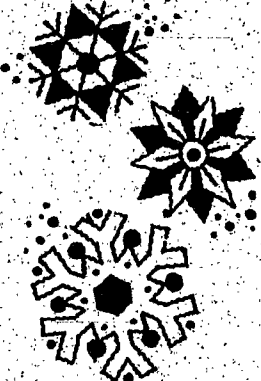

chemistry, computer science, earth and space science, engineering, environmental sciences, mathematics, medicine and health, physics and zoology.

A new category, 'team projects,' has been added to the field of competitive categories. The 'team projects' category encourages cooperative learning skills and provides new opportunities for students to participate in problem-solving situations that closely resemble industrial and academic

### Let it snow!

The Fleuriet family frolics in the snow in front of the Hancock County Courthouse Saturday morning. While the kids conduct a snowball fight, papa Jay and baby Rebecca cross-lawn ski. To everyone's surprise, Mother Nature dealt the Coastal area one last shocking breath of winter. (Echo staff photos by Jacqui Cochran)

## Bay city council approves special subdivision zoning

BY LIZ HAAS

The Bay St. Louis City Council approved an application for special subdivision in a recess meeting Thursday upon the recommendation of the Planning and Zoning Commission.

The application was submitted by Jean Curran to subdivide three parcels of property which the Planning and Zoning Commission found to meet all requirements of the R-1 (Single Family Residential) zone in which it is located.

The parcels are in Bay Woods Subdivision on Cedar Point Road in Bay St. Louis.

The council gave Mike Cuevas, clerk of council, permission to issue a check for up to \$200 for supplies needed for the Business After Hours party to be held March 18.

The recess meeting was held for CableVision to discuss services and problems residences are experiencing, but representative Susan Tremain was unable to attend the meeting.

## Bay-Waveland board considers new computers

BY LIZ HAAS

The Bay-Waveland School Board reviewed a lease/purchase plan Monday for computers and hardware at a yearly cost to the district of \$170,000 for five years.

The plan, introduced by Superintendent Paul Tisdale, calls for the purchase of computers and hardware by the district at \$170,000 a year for five years and reimbursement of a portion of the cost by the Chapter I program for the amount of time used on the computers.

The computers and hardware will be used by the Chapter I program at the two elementary schools and the middle school.

"The district's portion will amount to about \$60,000 to \$90,000 a year," said Tisdale. "And after five years, the hardware belongs to the district for the use of all the district, not just Chapter I students."

"This will include the hardware, maintenance and update to programs each year, and there will be about 108 computers, five file servers and six laser printers," said Debbie Cox, Chapter I coordinator at Bay Middle School.

Computer Curriculum Corporation from Sunnyvale, California, will be used as a sole source supplier.

"We'd like to have the compu-

ters in place by the first of August," said Tisdale.

The board approved to budget up to \$2,000 to send winners of the state Distributive Education Clubs of America competition to the national competition in Orlando, Fla., April 30 to May 5.

"The club is trying to earn the money themselves, but Mrs. Lamb, the district advisor, has requested that the board assist them if they do not earn enough money," said Tisdale.

Bay High was second in the total number of winners per school.

## OBITUARIES

ROGER BATTISTE  
THERESE L.B. ELMER  
RUDOLPH FLASHNER

**ROGER BATTISTE**  
Roger Battiste, 29, of Pass Christian, died Saturday, Feb. 27, 1993, in Jackson County.

Mr. Battiste was a native of Pass Christian and attended Pass Christian High School. He was a member of First Baptist Church of Pass Christian.

Survivors include his mother, Rebecca Battiste of Pass Christian; his father, Riley Battiste of Sacramento, Calif.; three brothers, Oscar Jiles of New Orleans, Terence Battiste and Rodney Battiste, both of Sacramento; a sister, Marguerite Jiles of Pass Christian; and his grandmother, Mary Harper of Pass Christian.

Memorial services were Saturday at J.T. Hall Funeral Home in Gulfport.

**THERESE L.B. ELMER**  
Therese Louise Bouis Elmer, 77, of Pass Christian died Thursday, March 11, 1993, in Gulfport.

Mrs. Elmer was a native of New Orleans. She was a member of Annunciation Catholic Church in Kiln.

She was preceded in death by her husband, Augustus Elmer Jr.

Survivors include a son, Augustus Elmer III of Houston,

Texas; two daughters, Therese E. Keller of Pass Christian and Juliann W. Wagner of Nevada City, Calif.; a sister, Leona Gonzalez of Eden Isles, La.; and six grandchildren.

Private services were Friday at Edmond Fahey Funeral Home in Bay St. Louis. Burial was in Chinquapin Hill Estate, Kiln.

The family prefers donations to one's favorite charity.

**RUDOLPH FLASHNER**  
Rudolph G. Flashner, 71, of Bay St. Louis, died Wednesday, March 10, 1993, in Gulfport.

Mr. Flashner was a native of New Orleans. He was a Catholic. He was a member of American Legion Post 77 in Waveland and a member of the Head Start Grandfather Club.

He was preceded in death by a son, Kenneth Flashner.

Survivors include his wife, Mrs. Doris L. Flashner of Bay St. Louis; a daughter, Mrs. Judith Buckley of New Orleans; and four grandchildren.

Visitation was Friday evening at Jacob Schoen and Son Funeral Home in New Orleans. Mass was celebrated Saturday at the funeral home chapel, with burial in St. Roch No. 2 Cemetery in New Orleans.

Edmond Fahey Funeral Home in Bay St. Louis was in charge of arrangements.

Elderly in need may  
receive help from SSI

SSI Outreach and the St. Vincent de Paul Society of Waveland are joining together to help people in need to apply for Supplemental Security Income (SSI).

SSI provides monthly payments to people who are 65 years of age or those who are blind or disabled (child or adult) with limited income or resources. Even if someone has some income or receives a Social Security check, he or she may still be eligible for SSI benefits.

In an effort to identify people who may qualify, SSI Outreach caseworkers will be at 307 Coleman Avenue, City Hall Annex building Wednesday from 1:30-3:30 p.m. to assist persons filing for SSI.

If you or anyone you know is in need, please contact Alison Salloom at Catholic Social Services—SSI Outreach at 1-800-851-3702 or call Jay Fleuriat at the St. Vincent de Paul information and referral office at 467-0703.

Drivers license testing  
moves to Old City Hall

New hours for the drivers license department in Bay St. Louis are:

Hours 8 a.m. to 4:30 p.m., for testing 8 a.m. to 4 p.m.

For assistance call Monday-Tuesday, 467-0346.

New location is at the Old City Hall.

## Casino Magic hosts job fair

Casino Magic will be conducting a job fair for the Biloxi Casino that opens in May.

The job fair will be Monday, March 15 through Wednesday, March 17 from 9 a.m. to 7 p.m. at the Coast Coliseum Convention Center in Biloxi.

Casino Magic will employ approximately 1,000 people.

Applications for all positions will be accepted. If you have applied with Casino Magic in the past, you are urged to take this opportunity to update your file and re-apply.

Story Hour  
titles listed

"Do You Hear What I Hear?" will be theme for this week's children's story hour Wednesday, March 17 at 10:30 a.m. at the City-County Public Library in Bay St. Louis.

*Good-Night Owl* and *Bang* are books to be featured. Children will make sounds to pictures, see a movie and receive coloring sheets.

"Spring" is the theme at the Waveland Library Friday, March 19 at 10:30 a.m.

*Up, Up and Away* and *Spring is Here* are the books to be featured. Children will plant a flower and receive coloring sheets.

"Green Grows the Garden" is the theme at the Kiln Library Friday, March 19 at 10:30 a.m. *The Plant Sitter* and *The Vegetable Thieves* are books to be read.

Children will also play "Simon Says," will see a fingerplay and receive coloring sheets. Refreshments will be served.

Programs and activities are designed for pre-school-age children three to five years old who are not part of a nursery or pre-school group.

## Ancestry revealed

A recent class project for Miss Celia Wilcox's Fourth grade Bay Middle School class turned up surprising results when an Erie, Pa. resident heard of Craig LaFontaine's inquiries and sent him a scrapbook of his great-grandfather's political career as Mayor. (Echo staff photo by Jacqui Cochran)

Board approves land lease  
for BAYS memorial complex

BY LIZ HAAS

The Hancock County Board of Supervisors approved Thursday a 10-year lease on land behind the National Guard Armory to the Bay Area Youth Soccer Association.

BAYS plans to construct the Scott Demboski Memorial Complex.

A train accident claimed the life of the 24-year-old newlywed in January, and a memorial fund was established to fund a permanent BAYS soccer complex in the community.

Tom Demboski was one of the founders of BAYS 16 years ago and coached his young son, Scott, then 8, who grew up as a standout player and later, referee.

"It is about seven and a half acres of land," said Tom Demboski.

Tom Demboski, Kristy Demboski, Ray Kidd and Herbert LeBourgeois petitioned the board for the land lease.

"The lease is yours as long as the property is used for the public for the purpose and development of the community," said Gerald Gex, board attorney.

"We're determined to make it happen and we've got some good, dedicated people to ensure it does," said Demboski.

BAYS has established a committee to plan and implement this project. Serving on the planning committee are Demboski, chairman; Kristy Demboski, treasurer; Jeanette Lambright, secretary; Curtis Colson, designer; members Al Jensen, John Scaife and Arthur Rieben.

The fund has received \$6,000, according to Demboski. "We're presently reviewing some other soccer complexes and studying them to see how to best design this foundation," said Demboski.

He said, "We hope to host tournaments and playoffs at the complex, so that will be an advantage to county businesses."

"Jim Chiniche offered to survey the land for us and we will bring that back to the board for verification. We are also researching the possibility of getting some top soil for the field and getting some help from the county with the project," Demboski said.

The committee meets tonight to formulate plans. Persons wishing to contribute to the fund may write to BAYS Complex, c/o Tom Demboski, 606 Highland Drive, Bay St. Louis, 39520.

Town meeting  
to discuss youth  
community center

A town meeting will be held Monday, Mar. 15, 7 p.m., Mississippi Power Company Auditorium, to discuss a youth community center.

The meeting is sponsored by the Concerned Citizens of Hancock County and other interested parties.

The old county welfare building was recently acquired and possible renovations will be a topic of discussion.

An open forum will be held for citizen input, Toni Smith, spokesman said.

Better to spend our  
tax money on schools,  
roads and parks  
than to spend it  
picking up behind us!

## Speaker featured

Rev. Thomas Mims, director of the Gulf Coast Rescue Mission, will be the guest speaker at Harvest Time Church Sunday at 10:30 a.m.

The church is located on Kiln-DeLisle Road two miles north of Interstate 10. The public is invited.

## BAY SAINT LOUIS

A PLACE APART  
NOTICE TO RESIDENTS OF  
BAY ST. LOUIS

Work is now in progress on sewer line improvements on:

1) St. Frances Street between Easterbrook and Booker Streets.

2) Carroll Avenue starting at Dunbar Avenue and continuing South on Carroll Avenue approximately 600 feet.

The work is expected to last six (6) to eight (8) weeks depending on weather conditions.

Every effort will be made to complete these projects in a timely manner with as little inconvenience to residents as possible and to keep you informed of any delays or closings.

Thanking you in advance for your cooperation, patience and understanding as the City of Bay St. Louis continues in its efforts to improve your services.

Should you have a problem during this work period, please call my office at 467-2724.

Ronald J. Vanney, Director of Public Works  
City of Bay St. Louis

Latin Mass  
celebrated

St. Anthony Padua Mission will celebrate the Tridentine Latin Mass 4:30 p.m. Sunday, March 14 at the Holiday Inn—Airport, Hwy. 49, Gulfport.

Confessions and the Holy Rosary will begin at 4 p.m. The public is invited to participate. For more information contact Mrs. John Meehan, 452-9635.

Bay St. Louis  
Business Assoc.  
seeks members

The Bay St. Louis Business Association will meet for re-organization 8 p.m. Wednesday at Old Town Restaurant, 119 Main Street.

The association welcomes new members. One need not be a business owner to participate in the association.

All interested parties should attend.

Winners of the state DECA competition held in Jackson recently are: Amy Kennedy and Tiffany Gauthreaux, first place in creative marketing; Linnea Curran, second place in entrepreneurship; participating; Steve Dunne, third place in full service restaurant management; Matthew Sekinger, fifth place winner in the civic consciousness project, was also selected to represent the school at the National Leadership Academy.

Jane Lamb was honored as District Advisor of the Year, representing 22 schools in the southern region of Mississippi.

Tracy Ann Joseph was sworn in as the new Bay-Waveland school board member, replacing Willie Bradley.

Joseph is an engineering

management employee at Sverdrup Technologies.

The Bay St. Louis native earned a bachelor of science in engineering management from the University of Missouri at Rolla and has worked for eight years at Stennis Space Center.

The board elected Gary Yarbrough president by acclamation and David Turcotte as secretary by acclamation.

Tisdale set a special meeting March 30 at 7 p.m. for the purpose of the superintendent's evaluation.

will have another review by the committee and report back to the board," said Betty Jones, administrative assistant for the district.

The board agreed to delay a vote on the School Emergency Plan to the March 30 special meeting.

The board went into executive session to discuss personnel.

The board approved: —Ellison Educational Equipment as a sole source supplier for a letter cutting machine for

Fowler as assistant teacher at Bay High School effective February 8;

—and recommendation of

superintendent to employ Mary Proby as social worker for home-bound instruction for special education students.

## Wastewater

Continued from Page 1

covered arena for horse shows in Hancock County.

Susan Tremain of Cablevision, formerly MultiVision, addressed the board on offering broadcast stations to the Pearlinton area.

"We want to put up a tower in Pearlinton so residents will be able to pick up an additional nine channels," said Tremain.

She said, "We will pick up the cost of \$45,400 and in exchange want the board to grant a 10-year extension to our franchise in order for us to ensure our General Electric Credit Corp. funds, to give us enough time to make up for the cost."

Tremain said CableVision has 135 subscribers in Pearlinton.

"There will be a one dollar increase, but that is for enhancement of our customer services and operational costs," said Tremain.

Lloyd Compton of Compton Engineers gave the board an update on the county solid waste program.

"We've met with the cities of Bay St. Louis and Waveland and they expressed they want a joint meeting with the county after reviewing the plan with their attorneys," said Compton.

The county solid waste disposal plan includes the centralized efforts of the county and two cities to work together for disposal, garbage pick-up and recycling.

"We will have the cost for each entity prepared for our joint meeting," he said.

The board plans to schedule a meeting with the cities.

Treva Smart, coordinator for the Epilepsy Foundation of South Mississippi, asked the board to adopt a resolution that the Mississippi legislature pass local and private legislation authorizing the Hancock County Board of Supervisors to contribute, in its discretion, an annual sum of money not to

exceed \$10,000 to support the efforts of the Epilepsy Foundation of Mississippi.

The resolution was approved by the board.

The board heard suggestions from bidders on mosquito control Wayne Machado and Andy Ewing on the specifications of the mosquito control bids.

Bids were rejected at the last meeting because of vagueness in the specifications. The board will re-work the specifications and re-advertise for bids to be opened on April 15.

The board approved the recommendations of the Hancock County Port and Harbor Commission.

The board will hold a workshop Thursday, March 18.

## Fair

Continued from Page 1

research programs.

Students have the opportunity to win Special Awards presented by nearly 70 scientific, engineering and federal organizations.

These awards include scholarships, medals, books, certificates, cash and, in some cases, summer internships.

Science Service, Inc., was founded in 1921 to further the understanding of science on the part of young people and adults through scientific publications and numerous science youth programs and scholarships.

Science Service has administered ISEF for 44 years and the Westinghouse Science Talent Search program for 52 years.

More recently, it has included in its mission increasing scientific literacy among members of disadvantaged groups.

In a discussion of the School Emergency Plan Lucien Gex, board attorney, expressed some concern over making sure the schools follow the procedures set out in the plan and making sure items in the plan are not contrary to existing policies.

"We need to make sure we set up every one of the boards outlined in this plan, and wherever we call for discipline, we need to make sure it's covered in the school policy or the handbook. I ask you to pass it and we

Waveland Elementary;

## OSHA

Continued from Page 1

employment with Goldin as individuals and not as a company, we will reconsider assignment of the citations."

Johnson's company is being fined a total of \$9,000 for violations involving: lack of employee training in hazardous chemical use; lack of use of a regulator on high pressure oxygen cylinder; lack of warning labeling on hazardous chemical containers; lack of a Material Safety Data Sheet for each hazardous chemical used in the workplace readily available for employee use; lack of employee training in recognition and avoidance of unsafe conditions in connection with use of oxygen and propane; and non-availability of a written hazard communication program.

OSHA fines \$1,500 per violation.

Johnson related how the company, Industrial Demolishers, was used by the four men as a work pool in this particular hiring.

He said, he believes OSHA's association to the company comes from the rental of gas and liquid oxygen tanks to Goldin, containing stickers with the Industrial Demolishers' name.

"We went to work for Goldin and were supposed to be paid \$10.50 per hour," Johnson stated. "If they were hiring us as a company I wouldn't have

agreed to \$10.50 per hour.

"Besides, none of us have been paid for the 30-plus hours we worked prior to the accident."

"We really feel we have been thrown on the wayside."

"We had to borrow the money for gas to drive there and a few days we even went without lunch."

Johnson said he had spoken with Martin and Steve Goldin, the brothers who own Goldin Industries Inc. of Gulfport, and they did not dispute the four men's employment as workers with the company.

"They said they (Goldin) couldn't pay us because since the accident, everything was on hold."

Steve Goldin reported Friday, "Industrial Demolishers was hired as a sub-contractor to provide services for us in the cutting and loading of scrap metal."

"They have never been on our payroll...neither Jonas Johnson nor any of his people worked for us as employees."

Johnson said following the accident Cerre and Clark Kent were contacted by an insurance adjuster named Kevin Perrier of Crawford and Company Insurance of Metairie, who claimed to represent Goldin Industries.

Goldin said, to his knowledge, Goldin Industries has no

connection with the company.

Kevin Perry of Crawford and Company Insurance commented Friday that he was asked to do a limited assignment as an independent adjuster.

Perrier said he did not have the name of the party seeking the information available.

He stated he did not conduct interviews with either Cerre or Kent, but did attempt to contact them for such a purpose.

Johnson commented, before they were permitted on the site, they attended a safety seminar held by GE Plastics for Goldin employees.

Human resource manager Sherry Woody confirmed, GE Plastics administered a Contractors Safety Orientation to all employees of contractors and sub-contractors prior to job initiation.

Goldin said Cygan and Cygan Corporation of Allentown, Pa. was hired by GE Plastics for the dismantling of an unused portion of the plant. Cygan and Cygan, in turn, hired Universal Process Equipment, who hired Goldin to purchase the scrap metal. Goldin hired Industrial Demolishers.

Goldin said he did not have information available as to other companies hired by Goldin for the cutting and loading of the scrap metal.

## CHEER TALK

By Ann C. Cline

Greetings! A TREMENDOUS collection of spring dresses just arrived! Career, party, sundresses, hand-picked for you in linen, cotton, prints, florals and solids. They're very famous name dresses... you'll see them at the mall... and ours are at discount prices! Sizes 3 to 13 and 4 to 16.

Gypsy skirts are new and fun and feminine. And we have them in a multitude of arty prints. Spring has arrived at Yellowbird! ... and here's the greatest news of all... you don't have to run to the mall anymore. TRY US FIRST. You won't be disappointed!

Yellow Bird  
1020 Delmon Avenue, Bay St. Louis, MS

Better to spend our money on snacks, roads and parks than to spend it picking up behind us!

## Coast Episcopal High School

invites you to an  
**Open House**  
8 a.m. - 3 p.m.

Wednesday, March 17

Students entering grades 7-12 and their parents are invited to an OPEN HOUSE. All our classes will be open, and we hope you will visit as many as you like. Stay all day or just an hour. We know you'll be impressed!

And an evening just for parents:  
**"Special Concerns of the Middle School Child"**  
7-8:30 p.m.

Thursday, March 18

Spend an evening with our Middle School (Grades 7 & 8) staff. They will explain our school's philosophy and answer your questions about the education of this very special age group.

## "QUOTABLE QUOTES"

By Ellis C. Cuevas

What happened to the beautiful weather we had the first five days of last week.

A turn around was surely made on Friday with rain, sleet, blizzard winds and snow.

On Saturday morning, as the sun came up, one would never realize just how cold it really was until they stepped outside.

Then it got cloudy and it began to snow again. It was not a record for snow in the area Friday night, but I well remember the 12 inches on December 31, 1963, we had Bay St. Louis.

Jane and I were moving furniture into our new home which we occupied the next day. We were lucky the move was only two blocks and we did not have much furniture at the time.

This Friday I was glad I still had my winter clothing out. I had to return to the office during a snow flurry to gather my camera, as the rain was coming down so hard when I left for home from work Friday evening, I decided to leave it at the office.

Prior to the snow I could hear the sleet striking my windows. At 10 p.m. I looked out my carport door and much to my surprise, I could see the snow coming down in huge flakes.

I called Jane to come and see, and she thought I was just kidding.

I was surprised to see the number of folks outside playing in the snowfall on my trip to the office at that time of night. Some were children, while others were 'older' children.

When I returned, my neighbors the Richardsons, Jane, along with others were all out our street too, playing in the snow.

I am sure there were some residents who went to bed a bit early and were very surprised when they awoke Saturday morning to see their yards and neighborhood roofs covered with from one to two inches of the white stuff.

There were not as many snowmen Saturday, as I thought I would see, but that was probably because of the wetness of the snow and it freezing up during the night.

I still had to shovel snow and ice from the front door of the Echo's office Saturday morning upon arriving at work.

I still prefer summer temperatures.

Tuesday is the final registration day for ages 9-12, for the Bay St. Louis Little League.

Wednesday is the final day of registration for Waveland's Little League.

Registration in the Bay will be held from 5 to 8 p.m., Athletic Drive, next to J.D. McCullough stadium. There is a registration fee of \$20, or \$30 for a family.

Registration will be from 5 to 6 p.m. at Elwood Memorial Park, Central and Waveland Avenues in Waveland.

It will not be long before Little League Baseball will be played in Bay St. Louis.

The Mississippi Gulf Coast Chamber of Commerce is sponsoring the 1993 Miss Gulf Coast Pageant on March 26.

This is a pageant for girls ages 17-24 in Hancock, Harrison, Jackson George, Green, Stone and Pearl River Counties.

The coastal pageant is a preliminary to the Miss Mississippi Pageant.

The pageant is to be held in the Royal d'Iberville Chrysler Room in Biloxi starting at 7 p.m.

Locally tickets are now on sale and can be obtained from the Hancock County Chamber of Commerce office, Highway 90, Bay St. Louis.

I expect it has been many a year since we have had a contestant from Hancock County has been in the Miss Mississippi Pageant.

Some young lady from Hancock County may want to give it a try in the Miss Gulf Coast Pageant and could be a lucky winner and then move up to the Miss Mississippi Pageant.

The big Pearl River Community College's River Extravaganza is set for Sunday, Mar. 30 in White Coliseum.

Tickets are at \$25 each and the event will include entertainment, food from 15 area restaurants and an auction.

Leading the entertainment will be Country music recording star Ronnie McDowell.

Among the local restaurants set to provide food are, Lil Ray's, The Reef and Laynes.

Jim Thriffley, St. Stanislaus teacher, is assisting with the PRC Extravaganza Sunday and tickets can be purchased through him, or by calling 795-6801.

The Hancock County Chamber of Commerce's March After Hours will be from 5 to 7 p.m., Thursday at the new Bay St. Louis City Hall Annex, 111 Court St.

The location is the old Peoples Federal Savings Bank headquarters and Bay St. Louis has refinished the facility.

RSVP by calling the chamber office at 467-9048, admission will be three business cards.

## A whopper

Mike Griffith, left, landed this 31-pound Bull redfish Monday afternoon at the end of a fishing pier. Using live mullet bait to snag the 41" fish, Griffith was assisted by Rena Bernard, right. (Staff photo by Janet McQueen).

## REPORT FROM THE SENATE

### Senate, House differ on how to spend surplus

The Senate met the deadline for floor action on bills originating in the House of Representatives on Thursday and disposed of motions to reconsider those bills.

Emphasis is turning quickly to inviting conference with the House on the bills that require further discussion or clarification. These pieces of legislation include: state employee and teacher pay raises, welfare reform, the small business loan program, tort claims and many others of equal importance.

As the Senate looks to the \$130 million of revenue growth, several different philosophies and ideas on how this money should be spent have emerged. Governor Fordice is proposing to spend \$49 million of this money on a much needed bridge replacement program.

The State Senate has passed a suspension resolution by a vote of 47-3 to send \$50 million of this money back to the taxpayers thus, reducing their ad valorem taxes. Under either of these scenarios, only an approximate \$80 million would be spent on re-occurring expenditures such as state employee pay raises, teacher insurance and pay raises, and other critical needs.

The House has other plans for the \$50 million dollars earmarked by the Senate, so a compromise of some kind must be reached.

Some of the House bills receiving action this week include: \* House Concurrent Resolution 21 would authorize the Legislature to establish a state grand jury to examine illegal drug operations around the state.

\* House Bill 903 regulates unsolicited residential tele-

phone sales calls by professional telemarketers and limits the hours in which the calls can be made.

\* House Bill 402 allows Justice Court judges to receive not more than a \$25 fee for performing marriage ceremonies.

\* House Bill 1456 would create the Mississippi Sports Hall of Fame by using certain funds from concessions collected by the Mississippi Fair Commission and the Mississippi Department of Agriculture and Commerce.

\* House Bill 446 prohibits employing a person entrusted to care for children if he or she has committed a sex offense.

\* House Bill 1502 which helped amend will include Bay St. Louis City Hall in receiving state bond monies for renovations to allow for a museum handled by the Department of Archives and History.

Submitted by Senator Bill Johnson, who can be reached at P. O. Box 1018, Jackson, MS 39215 or by calling 359-3770.

### LETTERS WELCOME

The Sea Coast Echo welcomes comments from its readers on subjects of general interest. Letters must be signed and include address or phone number so that the sender can be contacted by the newspaper if necessary. Letters should be brief, preferably typewritten and double spaced, and conform to standards of good taste.

Letters of thanks, expressions of appreciation and political endorsements are considered inappropriate for the Letters to the Editor columns.

—Ellis Cuevas, publisher

## Litter facts from Miss. Department of Transportation

**FACT:** In Fiscal Year 1992 (July 1, 1991 — June 30, 1992) the Mississippi Department of Transportation (MDOT) personnel picked up 16,039 cubic yards of litter at a cost of \$855,148. This figure is up from Fiscal Year 1991, in which the cost of litter removal was \$698,573.

Although the people of this state pay almost \$1 million annually for litter removal, it is not enough to get the job done. From Fiscal Year 1988 through Fiscal Year 1992, we have spent \$4,202,075 on litter control. We spent 65,784 man-hours in Fiscal Year 1992 attempting to control litter. (This doesn't count Adopt-A-Highway man-hours.)

**FACT:** Prison labor is utilized in some areas for trash removal.

**FACT:** The Mississippi Department of Transportation sponsors several anti-litter campaigns, which are:

**Adopt-A-Highway** — A statewide, anti-litter program begun in 1988, which provides private and civic organizations the opportunity to "adopt" a section of highway in order to keep it litter free.

Currently there are 1,556 groups that have adopted 3,383 miles of highway. In Fiscal Year 1992, Adopt-A-Highway groups picked up an estimated 6,042 cubic yards of litter.

**Adopt-An-Interchange** — This is a statewide program that has been in effect for over a year now that allows municipalities to adopt interchanges of the Interstate System and other state routes.

Other than removing litter and keeping the interchanges mowed, municipalities are also allowed to landscape the interchanges provided the plants do not restrict visibility or cause other hazards to the motoring public. At present, nine interchanges have been adopted.

**Trash Bash** — Each year Mississippi Department of Transportation sponsors a week in which all Adopt-A-Highway and Adopt-An-Interchange participants are encouraged to "make a clean sweep of the state."

Now in its fifth year, the encouragement has been extended to cities and counties. In addition, on the Friday of each Trash Bash week, Mississippi Department of Transportation employees statewide vol-

unteer to pick up litter in their areas.

**Education** — Department employees visit elementary schools statewide in order to present the "Litter Quitter" Program, a cartoon presentation about a fox and a rat who change from litter critters to litter quitters.

After the film, the kids are given "I'm a Litter Quitter" trash bags for automobiles, pencils and a coloring book.

**Anti-litter Public Service Announcements** for the print and electronic broadcast media are periodically funded by the Mississippi Department of Transportation.

**People Against Litter (PAL)** — apart of the Keep Mississippi Beautiful (KMB) organization, is funded in part by Mississippi Department of Transportation. PAL's goal is much the same as Mississippi Department of Transportation's: to eliminate roadside litter by educating the public. PAL also certifies cities and communities as "KMB Communities."

**FACT:** Mississippi Department of Transportation makes, erects and maintains "250 Fine For Littering" signs and "Keep Mississippi Beautiful" signs statewide.

**FACT:** A recent statewide litter study by Mississippi Department of Transportation indicates a 23 percent overall decrease in the amount of litter found along our highways.

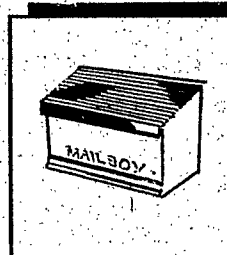

**FACT:** According to a recent American Association of State Highway and Transportation officials' litter study, there are 74,143 Adopt-A-Highway groups in the nation. Of the 50 states, only two do not have an Adopt-A-Highway program.

### FREQUENTLY ASKED QUESTION ABOUT LITTER

**Q:** Why does your Department find it necessary to spend time and money on litter control? Why is it important?

**A:** Litter control enhances the overall appearance of the State Highway System, promotes the natural beauty of the state, and makes a favorable first impression in the eyes of both visitors (tourists) and industry, thus enhancing the overall economy.

In addition, native Mississippians gain a sense of pride in the facilities for which their tax dollars are paying.

## LETTERS TO THE EDITOR

### Public servants commended for professionalism, kindness

Dear Editor,  
I am really impressed with the quality of service and professionalism that I experienced this week when a friend was in a crisis situation.

The Bay St. Louis Residential Care Center, the Hancock Medical Center, the Hancock County Sheriff's Office and the Hancock County Chancery Clerk's Office all responded with kindness and professionalism in handling this matter, even to the point beyond the call

of duty.

It makes me feel great to live in a community that has people who care this much for their fellow humans. Coming from a big city, this was not always my experience before I came here.

I am proud to salute these dedicated people in helping with compassion as well as professionalism.

Sincerely,  
Jerry Dixon  
Bay St. Louis

## Locations of Hancock Convenience Centers

Hancock County operates five manned Convenience Centers for county residents for disposal purposes.

Convenience Centers are located at Pearlington, Highway 604; Standard, C.C. Road off Hwy. 603; South Barn, Lower Bay Road, Lakeshore, across from post office; Washington/Chapman Road; and Central Maintenance Facility, Highway 43 off Hwy. 603.

Heavy debris, such as refrigerators, furniture and construction materials and rubbish is accepted only at the Pearlington and Standard county land fill.

All household garbage must be placed in the compactors only.

The Standard Land Fill is open daily from 7 a.m. until 6 p.m., while hours for other locations are 10 a.m. until 6 p.m. All locations are closed Thanksgiving and Christmas Day.

It is emphasized that none of the centers or land fills will accept tires, paint cans or hazardous waste or materials.

The general public is reminded that dumpsters adjacent to local businesses are paid for by the respective occupants and these are not for public use.

## Coles announces candidacy for Ward 3

Thomas (T.O.) Coles of Bay St. Louis will seek the Ward 3 seat on the Bay St. Louis City Council.

T. O. Coles

Coles, a native of Caswell County, N.C., is a graduate of Caswell Co. Training School. He entered the U.S. Air Force in 1948, one year after it became a separate military branch. His stateside assignments included Texas, Florida, New York, South Dakota, Louisiana, Georgia and Massachusetts.

He spent more than nine years in Alaska, Greenland, Japan and Guam. He had temporary assignments in Thailand, Vietnam and Formosa. In Guam he was assigned to the largest munitions organization in the free world, with 900 personnel.

Coles was a non-commissioned officer in charge of all aspects of transportation

involved in moving munitions in support of approximately 70 B-52 bombers. He controlled 277 vehicles and related equipment. From 1967-68 during around the clock bombing of Vietnam, his organization was awarded the Presidential Unit Citation for Excellence. He retired in 1970 after 21½ years of service.

In 1970 he went to work for the Veterans Administration, where he was the first African American to work in ambulatory care as a clerical person. In 1971 he was chosen from 21 applicants for a position as domiciliary assistant, where he was responsible for all patients after normal duty hours. He sometimes served as acting domiciliary chief.

When the Homeless Veterans Program was initiated at the Biloxi VAMC in the 1980's Coles assumed responsibilities there, until his retirement in 1991 as a senior domiciliary assistant.

He is married to the former Josie Robinson of Bay St. Louis, and they have three children, Ricky O. Coles of Bay St. Louis; Kim S. Coles of Pensacola, Fla.; and Toy L. Coles, a student at Dillard University, New Orleans. They have five grandchildren.

"I feel that the drug problem is a serious one in Ward 3. With more money coming into the area, I feel it should be directed to law enforcement to combat illegal drugs.

"I would like to hear from the people of Ward 3, and know what their concerns are."

## ON PATROL

### ATTEMPTED CREDIT CARD FRAUD

Bay St. Louis detective Kurt Raymond reported local police picked up a woman Tuesday, who had been arrested in New Orleans on a Bay St. Louis warrant for attempted credit card fraud.

He stated, Paula M. Toca, 21, 704 N. Rocheblave Street, New Orleans, attempted to collect \$2,000 on a stolen credit card from Casino Magic cashiers on December 11, 1992.

Toca is now incarcerated on a \$5,000 bond in the Hancock County Criminal Justice Facility.

Raymond is in charge of the investigation.

## Ward 3 council seat sought by Williams

Bay St. Louis businessman Philip S. Williams announces his candidacy for city council, Ward 3.

Philip Williams

"I am not comfortable with business as usual," he said, "and in particular, Ward 3."

"I feel my ownership of a local business provides a unique opportunity to be in contact with a wide cross-section of our community."

"Issues that the people have addressed have formed the basis of my platform. Fair money disbursement, utilization of local small businesses within the community, construction of bus stop shelters for children, are some of the issues I wish to address."

"Also eliminating the 'back of town stigma,' continued lowering of taxes and utility rates, aggressive combat of gnats, ants and mosquitos;

"Constructing sidewalks in heavily traveled areas, expanding educational/recreational facilities, bringing drug sales to a halt and initiating foot patrols by our police force are some of the issues I will pursue."

## Perniciaro seeks Ward 4 council seat

Nuncy Perniciaro, 42, has announced his candidacy for Bay St. Louis City Council Ward 4.

Perniciaro, a Democrat, is a native of Bay St. Louis. He is married to the former Jaffe Sweetman and they have two daughters, Gina, 16, and Tara, 9. Both attend local public schools.

He is the son of Mr. and Mrs. Nuncy A. Perniciaro Sr. of Waveland and is a member of Our Lady of the Gulf Catholic Church.

A graduate of Bay High School, he attended Jefferson Davis Junior College. He is employed with Coast Coca-Cola Bottling Company of Gulfport.

"I plan to keep an open line of communication with my constituents, and listen to all of their suggestions," said Perniciaro.

"I believe in careful planning to monitor the growth of Bay St. Louis."

"Problems should be taken care of by the City every day, not just around election time."

"I will emphasize creating

Nuncy Perniciaro

more jobs in the community, so that our children can remain here after they graduate from school."

"I feel my life long knowledge of the community and its people will be an asset to the office of councilman."

## Waveland Little League slates final registration

Waveland Little League has scheduled a final registration for their 1993 baseball season Wednesday.

Registration will be at Elwood Bourgeois Park on Central Avenue, 5-6 p.m.

Players must have a copy of their birth certificates at registration.

Fees are \$10 for children 5 to 10 years old, and \$15 for children 11 to 15 years old.

For more information call 467-6957.

## BMR closes oyster reefs

BMR ordered the closure of specific oyster reefs Saturday due to excessive rainfall.

Those closed are Pass Christian, Henderson Point, Long Beach, Cat Island, Lighthouse and East Jackson County reefs.

Remaining open for harvest

are the Pass Marianne, Telegraph and Bouy reefs and various shell keys.

For more information call the BMR hot line at 385-5902.

The hot line recording reported for changes call after 7 p.m. today.

## CLUBS, AUXILIARIES

### Lions Club of Diamondhead

At the March 2 meeting of the Lions Club of Diamondhead, which is being sponsored by the Lions Club of Bay St. Louis, the following officers were elected:

President, Howard Peters; secretary-treasurer, Lola Mullini; first vice president, Alicia Gardner; second vice president, Jim Gressett; third vice president, Bill Chevis;

Lion tamer, Phyllis Dowell; tail twister, Carl Allesandra; board members, two years, Pete Diagno and Kenneth Ray;

Board members, one year, Betty Peters and Mike Davis; membership chairman, Dennis Dowell; membership committee, two years, Jack Bumgartner; and membership committee, three years, Tom Tomlinson.

The meeting was held at the Diamondhead Community Center. Next meeting will be at the Community Center March 16 at 7 p.m.

Charter night will be April 29 at the Diamondhead Days Inn at 6:30 p.m.

### Take Off Pounds Sensibly

#### WAVELAND

TOPS MS 233 Waveland met Tuesday, March 9 at the Waveland Public Library.

June was the week's best loser with 5 pounds. Debbie made her half way to goal. The following were elected: leader, Judy; co-leader, Debbie; secretary, Charlotte; treasurer, Randall; and weight recorder, Chris. The club wishes Chris a fast recovery. Catherine was welcomed back. SRD t-shirts were ordered. The club enjoyed two visitors.

TOPS MS 233 meets every Tuesday evening at the Waveland Public Library. Weigh-ins are from 5:30 until 6 p.m. with the meeting immediately following.

Anyone interested in losing weight the sensible way and maintaining their weight loss is welcome to come and visit TOPS MS 233. Interested persons are asked to call Charlotte at 467-5790 for more information.

### Swing Club

Art Cissell's Stardusters will be swingin' great tunes Saturday, March 27 in the Casino Ballroom of the Grande Biloxi Resort.

Dancing starts at 8 p.m. For more information concerning the dance or the Swing Club, call 896-6563.

### COOPER & COOPER TAX & ACCOUNTING

## \$25.00

We will assist you in preparing your own taxes. Questions answered and forms provided.

Call 452-7067

### Golf Course Garden of Month

The home of Robert and Clarise Gustin, 6832 Hilo Street, was selected Golf Course Garden of the Month for February by the Diamondhead Garden Club.

### Parkinson Support Group

The Parkinson Support Group will meet Sunday, Mar. 14 at 2 p.m. in Garden Park Community Hospital in Gulfport.

Registered nurse Mrs. Bridget Overfield will be guest speaker. Those attending will receive a small gift of protection for use in the car, according to PSG coordinator S. E. Gelvin.

Birthdays this month are: Ernest Benvenuti, Warren Cox, James Crawford, Roger D'Angelo, S. E. Gelvin, Joyce Johnson, Vida Meadows, Harry Rehage and JoAnn Wedgeworth.

### 20th Star DAR

Women provide 11 percent of the total strength of the Army, according to Master Sergeant Celeste Young, Camp Shelby Installation Support Unit Training NCO, who spoke to members of the 20th Star Chapter of the Daughters of the American Revolution in February at the Camp Shelby Military Museum.

Today women in the Army boast a proud heritage of faithful service. Alongside male counterparts, women helped shape American history in Grenada and Panama. Some 26,000 women served in the Persian Gulf. It was a female 2nd Lt. who shot down the first scud missile with a patriot missile.

Mrs. Betty Drake gave the members a guided tour of the new Military Museum, which will be open to the public on May 8. The museum building dates back to World War II and contains military artifacts and memorabilia from the Civil War through the Persian Gulf conflict.

Hostesses for the meeting were Jenny Thomas, Mary Frances Waters and Judy McLendon. The next meeting will be March 13 at 2 p.m.

### Hancock Women's Club

The Hancock Women's Club held its meeting and installation of officers at The Galley, Waveland Resort Inn, on Thursday, March 11. Guests present were Amelia Killeen, Marilyn O'Neill, Marge Lange, Cathleen Taconi, Gwen Schilling, Shirley Poche and Phyllis Maness.

The business portion of the meeting was abbreviated to allow time for the installation ceremony. Marjorie Thomson served as installing officer, first giving a history of the club, which is now 13 years old and was originally established as the Welcome Wagon Club.

Lorraine Townsend was installed for her second year as president, Lois Cripple as vice-president, and Goldie Beven as treasurer. Due to her husband's illness, Theresa Bourgeois was unable to attend and be installed as secretary, but Margaret Thomas stood in for her during the ceremony.

Townsend was presented with a gift from the club in appreciation of her past year's service, and she in turn thanked all the outgoing officers and committee chairmen for having helped in making her year so successful.

She then named chairmen for the new year: Marjorie Thomson, ways and means; Kathleen Ridgley, hospitality; Margaret Mirandy, sunshine; Eorraine Norton, telephone; and Shirley Jones, publicity. Goldie Beven will continue to keep the club's scrapbook and Mary Wells will be club photographer.

Townsend also announced that the club's books had been audited, thanks to Jackie Taylor of the Hancock Bank.

Fun and Games Day will be 11 a.m. Thursday, March 25 at the VFW Hall. Donated lunches will be sold and Po-Ke-No will be the game. The next meeting will be at the VFW Hall on April 8.

### Garden of the Month

## CLUBS, AUXILIARIES

## Arbor Day celebration

Girl Scout Troop 206, in conjunction with the Bay-Waveland Garden Club, planted a Chinese Tallow tree on the grounds of Gulfview Elementary Monday in an Arbor Day ceremony. In front from left are troop leader Renee Weaver, Bay-Waveland Garden Club president Cindy Lowe, Stacey Weaver, Dawn Jobert, Mandy Hall and LaRanda Taylor; back row, Stacy Rogers, assistant troop leader Cathy Rogers, Lawanda Taylor and Erika Capps. Not pictured is Girl Scout Marlana Evans. (Echo staff photo by Liz Haas)

## Southern Women's Club

The Southern Women's Club held the March 11 meeting at the Great Southern Club in Gulfport.

New officers for the 1993-94 board are: Gaye Winter, president; Delarie Maddox, first vice-president; Lynn Franklin, second vice-president; Carol Eure, third vice-president; Laura Warr, recording secretary; Angela Davis, corresponding secretary; Donna Sharp, treasurer; Cindy Creel, dean of chairmen; Karen Bertucci, parliamentarian; Linda Randolph, historian; and Alva Peden, member-at-large.

## Elks volunteer

The newly formed Elks Club No. 4680 adopted the courtyard at the old VCJ complex as a service project for the Senior Citizens Program. Conrad Mauffray of the Elks Club helped organize the project to help the program meet its '93 "Project Beautification" goal. Elks member Sammy Carver has been cleaning the courtyard, removing debris and old limbs. He trimmed tree limbs and tilled and leveled the courtyard and spread weed killer. He is presently setting up flower beds.

## Director hired for Coast Alzheimer's Association

Wallace G. Long III, MSW, president of the Mississippi Gulf Coast Chapter of the Alzheimer's Association, announced the appointment of an executive director for the chapter. Donna De Weese will serve as staff to the nine-member board of directors of the organization, which serves Hancock, Harrison and Jackson counties.

The National Alzheimer's Association was organized in 1980 to provide family support, disease education and research, and advocacy.

The Gulf Coast Chapter has provided continuous monthly support group sessions for families of Alzheimer patients for eight years. A telephone referral system maintained by the chapter links Coast residents

with sources of assistance. The Alzheimer's Association maintains an extensive catalog of printed and audiovisual materials covering all aspects of providing care for victims and legal considerations associated with the disease. Up-to-date information on drug therapies and clinical trials can be accessed through the chapter.

According to Long, the addition of a full-time administrator will enable the chapter to expand services to caregivers. The organization is governed by a board primarily composed of health care professionals and family members of Alzheimer patients.

Helping caregivers find access to respite services will be a primary goal of the chapter in 1993. For information call 867-6251.

## BHS seeks '68 grads

Graduates of Bay Senior High from 1968 are being sought for the organization of a 25th class reunion.

Graduates are asked to call Bay High School, 467-6611; or after 5 p.m. either 864-3012, 864-2447 or 466-2858.

Anyone with information leading to the location of class members not living in the area is asked to call.

## Gulf Coast Newcomers Club

The Gulf Coast Newcomers Club will meet Tuesday, March 9, at the Best Western Beach View Inn in Gulfport at 11 a.m. with lunch following at noon.

The program will include installation of new officers. Marge Graves will install the following: president, Juliet Jassby; first vice president, Ermagene Delony, and second vice president, Francis Cannon.

Any woman who has moved to the Coast in the past three years is invited to join. Call Nashie Ward at 868-2898 or Ivette Chubb at 868-2444 for additional information.

## Parents Without Partners

Any single person is eligible to join Parents Without Partners Chapter 1120, an organization of divorced, widowed, legally separated or never married parents. The group meets every Thursday, 7:30 p.m., at the Gaston Hewes Recreation Center, 17th Street, Gulfport (off Hwy. 49).

For more information, call 896-4852.

## American Legion Auxiliary Unit 139

The monthly sing-a-long for the residents of Hotel Reed Nursing Center, sponsored by Clement R. Bontemps American Legion Auxiliary Unit 139 and co-hosted by Roslyn Weathers and Oris Planchard, was Thursday, March 4.

Beth Gruzinskas and Janelle Olivier had the dining room decorated for St. Patrick's Day. Lena Mae Oustalet played the piano, while Roslyn Weathers led the singing.

Elaine Roberts and Pat Turnipseed helped serve refreshments.

The monthly meeting of Unit 139 was Monday, March 8 at the Post home on Green Meadow Road. Regular business was delayed for the guest speaker, Civil Defence director Bobby Boudin.

Boudin spoke on "Hurricanes" and of the dangers in not making preparations and the damages they can cause. He gave out pamphlets on the subject to everyone present and showed slides of the hurricane of 1969, Camille. Many members remember the devastation and havoc that followed.

The meeting was resumed, opened by the president, Susan Piazza.

Chaplain Ursula Favre read the opening prayers, and color-bearers Roslyn Weathers and Hazel Wohlschlegel advanced the colors. Secretary Jeanette Ladner and treasurer Bobby Tomlinson gave their reports.

Piazza called on various committees for reports on their activities. Girls' Club chairman Anna Gayaut spoke on the number of girls to be sent and on the application, qualification and selection processes.

Favre reported she had sent out get-well and sympathy cards to some of the members.

There will be a Bonco party on Wednesday, March 31 at the Legion home.

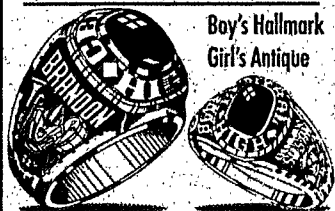

## MILITARY MENTION

## SGT HOWELL

Army Sgt. Tony C. Howell, a light wheel vehicle mechanic, has arrived for duty at Fort Bragg, Fayetteville, N.C.

He is the grandson of Lewis and Irene Dedeaux of Pass Christian. The sergeant is a 1985 graduate of Pass Christian High School.

## Bay High's DECA wins at district

The DECA members at Bay High broke all records for school winners in district competition at Gulf Coast Community College recently.

The Distributive Education Clubs of America is the only student organization operating through the nation's schools to attract individuals to careers in marketing, distribution, merchandising and management. It is a co-curricular organization structured to serve as an integral part of the classroom instructional program.

Bay High's 17 district winners are: Shelly Lincoln, first place, Retail Merchandising, supervisory level;

Tonja Meyers, first place,

Apparel and Accessories, master employee level;

C. C. (Dawn) Smith, first place, General Marketing, master employee level;

Marmi Elmer, second place, Finance and Credit Services;

Jackie Stewart, second place, Apparel and Accessories; supervisory level; and Steve Dunn, third place, Full Service Restaurant.

Also, Giselle Alexander, fourth place, Advertising and Displays Services; Tisha Baldwin, fourth place, Public Speaking;

Jean Fannin, sixth place, Retail Merchandising, master employee level; Steven Kennedy, sixth place, Quick-

Service Restaurant Management;

Roy Miller, sixth place, Food Marketing, supervisory level; and Chad Perrone, sixth place, Vehicle and Petroleum Marketing.

The Bay High Quiz Bowl Team—David Taylor, Chris Schmitt, Daniel Moore, and Nick Ellington—placed fourth in competition. The DECA members also placed first in the Scavenger Hunt, sponsored by the college staff.

Twenty-two schools were represented in the competition. Bay High's DECA students will advance to state competition at a later date.

From left, seated, Kennedy, Price; standing, Alexander, and Gauthreaux.

*For those who have applied in the past, please take this opportunity to update your file and reapply.*

## ANNIVERSARIES, ENGAGEMENTS

## Murphree-Thornton

Mr. and Mrs. James Hubert Thornton of Clermont Harbor announce the engagement and forthcoming marriage of their daughter, Melissa Jane Thornton, to Thomas B. Murphree III, son of Mr. and Mrs. Thomas B. Murphree Jr., of Waveland.

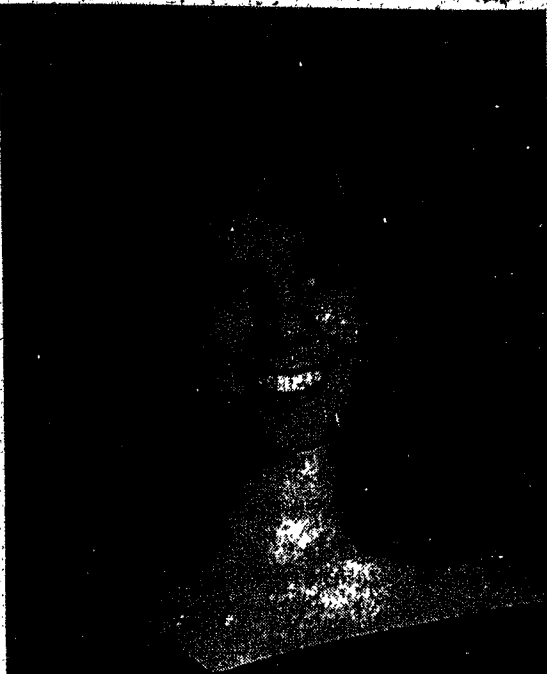

The bride-elect is a 1988 graduate of Hancock North Central and is a Pharmacy major at the University of Southern Mississippi.

She is presently employed at Johnson Controls at Stennis Space Center.

The prospective groom is a 1982 graduate of Bay Senior High School and a 1987 graduate of the University of Mississippi.

He is a corporate engineer with South West Engineers in Slidell.

The couple will exchange vows on April 3 at 3 p.m. at the Hancock Civic Center in Bay St. Louis.

Melissa Thornton

## Russells celebrate 50th anniversary

Dr. and Mrs. Raymond A. Russell celebrated their 50th wedding anniversary February 13 at the Galley Restaurant in Waveland.

The couple exchanged wedding vows on February 12, 1943 in Rochester, N.Y.

Mrs. Russell, the former Ruth Lorraine MacClaren, was born in Vandergrift, Pa. She is daughter of John Wesley and Jessie Armstrong MacClaren.

She was graduated from Westminster College in New Wilmington, Pa. in 1940 and taught at Riverdale High School in Metairie, La. from 1967-1980.

Dr. Russell was born in Buffalo, N.Y. and received his Ph.D. from the University of Rochester in 1951. He spent his professional career at Louisiana State University School of Medicine as a professor in the Department of Physiology.

The couple now resides in retirement at Jourdan River Shores.

The celebration included

champagne toasts to the couple, poetry written by Raymond Russell II, live music by Daniel Russell and Jack Hively, Jr., and a single dance in honor of the couple.

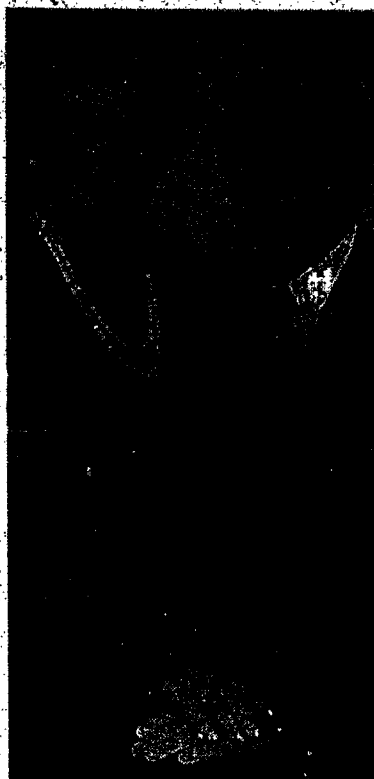

Guests were served gumbo and offered an open mike to

share memories of their times with the couple.

The event was hosted by their sons and daughter-in-law, Raymond A. Russell II from Cary, N.C. and Dr. and Mrs. Daniel M. Russell of Easthampton, Mass.

Raymond Russell II, Dr. and Mrs. Raymond Russell and Daniel Russell

Mr. and Mrs. Gallagher

## Gallaghers celebrate 50th

Mr. and Mrs. John M. Gallagher of Waveland celebrated their 50th wedding anniversary on February 28 at St. Clare parish hall.

Fr. Noel Fannon renewed their marriage vows at the reception.

The reception was given by their children Wayne and Lynnda Thomas, Richard and Marilyn Torigiani, David and Christine Gallagher.

John and Evelyn were born in Hamilton, Ontario, Canada and were married February 18, 1943, in Vancouver, British Columbia while John was serving in the Royal Canadian Air Force.

Mr. Gallagher has been employed at Charlie Henderson Ford for 20 years. Mrs. Gallagher, the former Evelyn Leyland, is a mother and homemaker. The couple has resided in Waveland since 1963.

They are the grandparents of five.

## Holmes-Murphy

Sherry A. Murphy and Edward W. Holmes, both of Orlando, Fla., exchanged wedding vows February 19 in that city.

Mr. and Mrs. Philip Murphy are parents of the bride. The groom is the son of Mr. and Mrs. John F. Holmes of Bay St. Louis.

The bride wore a tea length dress of ivory lace with matching hat. She carried a bouquet of roses and lilies.

Dawn Lazeration was the

bride's honor attendant. Bernice Heller, sister of the bride, was bridesmaid. They were attired in lace dresses in colors of burgundy and rose, respectively.

Flower girl was Katie Lazeration, and ring bearer was Philip Heller.

Richard Hubbard of Waveland was best man. Junior best man was Christopher Lehr.

A reception followed at the courtyard at Lake Lucerne.

The couple resides in Orlando.

TO: TERESA A. CALIX, a non-resident of the State of  
Mississippi, who is not to be found therein on diligent  
inquiry, and whose last known post office address is  
unknown after diligent inquiry by the Plaintiff.  
You have been made a Defendant in the suit filed in  
this Court by Richard A. Calix, Plaintiff, and the Court  
has ordered that you be served with a copy of the  
complaint and summons in this case.

YOUR RESPONSE MUST BE MAILED OR DELIVERED  
NOT LATER THAN THIRTY DAYS AFTER THE  
7TH DAY OF MARCH, 1993, WHICH IS THE DATE OF  
THE FIRST PUBLICATION OF THIS SUMMONS. IF  
YOUR RESPONSE IS NOT SO MAILED OR DELIVERED,  
A JUDGMENT BY DEFAULT WILL BE ENTERED  
AGAINST YOU FOR THE MONEY OR OTHER RELIEF  
DEMANDED IN THE COMPLAINT.

YOU must also file the original of your response with  
the Clerk of this Court within a reasonable time  
afterward.

Issued under my hand and the seal of said Court, this  
4th day of March, 1993.

(SEAL)

E. MICHAEL NECAISE  
CHANCERY CLERK OF HANCOCK COUNTY

WILLIAM D. HUDSON, Complainant  
VERSUS  
THE STATE OF MISSISSIPPI, ET AL, Defendants  
CIVIL ACTION NO. 23,476

TO: (A) Esthela C. Duncan, whose last known  
address is 9 Snipe Street, New Orleans, Louisiana  
70124, but whose post office address is unknown after  
diligent inquiry; and (B) Stuart R. Duncan, Jr., whose  
last known address is 9 Snipe Street, New Orleans,  
Louisiana 70124, but whose post office address is  
unknown after diligent inquiry; and (C) Stuart R.  
Duncan, Jr., whose last known address is 9 Snipe  
Street, New Orleans, Louisiana 70124, but whose  
post office address is unknown after diligent inquiry;  
and (D) any and all other persons having or claiming  
any legal or equitable interest in the following lands:  
Lot 18, Block 3, Unit 7, DIAMONDHEAD, Phase 2,  
according to the map or plat thereof recorded in Plat  
Book 4, at Pages 48-50, Inclusive, in the Office of the  
Chancery Clerk of Hancock County, Mississippi.

Lot 18, Block 3, Unit 7, DIAMONDHEAD, Phase 2,  
according to the map or plat thereof recorded in Plat  
Book 4, at Pages 48-50, Inclusive, in the Office of the  
Chancery Clerk of Hancock County, Mississippi.

The complaint filed against you has initiated a civil  
action alleging legal ownership of the above described  
properties and seeking to quiet and confirm title.  
You are required to answer the complaint by filing a  
written answer either admitting or denying each allegation  
in the complaint; and, in addition, a copy of your written  
answer must be filed with the Clerk of this Court.

YOUR ANSWER MUST BE FILED NOT LATER THAN  
THIRTY DAYS AFTER THE 7TH DAY OF MARCH, 1993,  
WHICH IS THE DATE OF THE FIRST PUBLICATION OF  
THIS SUMMONS. IF YOUR ANSWER IS NOT SO MAILED OR  
DELIVERED, A JUDGMENT BY DEFAULT MAY BE ENTERED  
AGAINST YOU FOR THE MONEY OR OTHER RELIEF  
DEMANDED IN THE COMPLAINT.

WITNESS my signature and official seal this, 4th  
day of March, 1993.

lotage used for building in an R-1 zone, to construct a  
carport, located at 102 Carroll Avenue, described as Lot  
25, Carroll Subdivision.

Mercedita, Acceptance Corp./Popayev, variance  
to sign height limitations and variance to exceed allowed  
illumination sign surface, located at 633 Highway  
90, described as part of the Casanova-Bondage  
Subdivision.

All interested parties are urged to attend.  
Charlene Rutledge, Secretary  
Planning and Zoning Commission  
3-14; 3-18; 3-21-93

DATE: MARCH 8, 1993  
TIME: 4:00 P.M.  
LEGAL NOTICE

ORDER OF THE MISSISSIPPI DEPARTMENT OF  
WILDLIFE, FISHERIES AND PARKS REPEALING  
CERTAIN OYSTER HARVESTING AREAS IN  
MISSISSIPPI

By order of the Mississippi Department of Wildlife,  
Fisheries and Parks, the following area of Mississippi  
that had been closed to the harvesting of oysters are  
thereby opened effective at 7:00 A.M. on Wednesday,  
March 10, 1993:

AREA II WATERS  
ALL AREA II CONDITIONALLY APPROVED  
WATERS ENCLOSED BY THE FOLLOWING  
DESCRIBED LINE:

The line shall commence at a point on the CSX rail-  
road bridge across the Bay of St. Louis at the center of  
the swing span and run easterly along said bridge to a  
point 700 feet seaward of the eastern end of said bridge  
thence, running south-southeasterly, parallel to and  
remaining 700 feet seaward of the shoreline of Pass  
Christian Municipal Harbor to a point 700 feet south of  
the southernmost point on the shoreline due south of  
Menge Avenue in Pass Christian, Mississippi thence,  
running southerly along a direct line drawn between the  
point 700 feet south from the point on the shoreline due  
south of Menge Avenue to the westernmost tip of Cat  
Island, to a point of intersection with a line drawn in an  
easterly direction between Beacon FL 4s, 17L, 4M  
2" on the western edge of Square Handkerchief Shoal  
and Gulport Ship Channel Beacon FL G, 2.5 sec. 17, 1"  
71" thence, westward along said line between Beacon  
2" and Beacon 71" to Beacon FL 4s, 17L, 4M 2" thence,  
running north-northeasterly to the point on the  
CSX railroad bridge across the Bay of St. Louis at the  
center of the swing span, said point being the POINT OF  
BEGINNING. This area includes portions of the public  
reefs known as Henderson Point and Pass Christian.

AREA III WATERS  
ALL CONDITIONALLY APPROVED WATERS OF  
AREA III ENCLOSED BY THE FOLLOWING  
DESCRIBED LINE:

All waters enclosed by a line commencing at a point  
700 feet south from the southernmost point on the  
shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, said point being the POINT OF BEGINNING,  
thence running easterly parallel to and remaining 700  
feet seaward of the shoreline to a point 700 feet south  
from the southernmost point on the shoreline due south  
of Menge Avenue in Pass Christian, Mississippi, thence  
running due south to a point 2,252 feet seaward of the  
shoreline, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running due south to a point 2,252  
feet seaward of the shoreline, thence running easterly,  
parallel to and remaining 2,252 feet seaward of the shoreline  
to a point 700 feet south from the southernmost point on  
the shoreline due south of Menge Avenue in Pass Christian,  
Mississippi, thence running easterly, parallel to and  
remaining 2,252 feet seaward of the shoreline to the point  
on the shoreline due south of Menge Avenue in Pass Christian,

MARCH 14, 1993

# Almost spring

Indoors and out, this is the time for home improvement

With the arrival of warmer weather, homeowners across the country are taking stock of potential home repair, renovation and construction projects.

Some will require a substantial investment of time and money; others will require minimal resources—but whichever the case the rewards can be sizeable.

This is a great time to build a new deck, re-brick the patio, landscape the yard, or apply a fresh coat of paint to a weather-worn garage.

You'll enjoy the results throughout the summer, and the value of your property will be enhanced as well.

Opportunities also abound for interior improvements. While you're packing winter

clothes up for storage and once again bringing out spring and summer wear, closets can be reorganized and tidied up for greater ease of use; investing some additional time now can increase your efficiency later on.

You may even be inspired to undertake a thorough spring cleaning. Washing the windows, scrubbing the winter grime from the floors, and taking note of any minor household repairs that may be necessary, are good beginnings for a springtime overhaul of your home.

Be sure to evaluate carefully whether or not the fix-it projects you need to undertake are within your capabilities as a do-

it-yourselfer.

If you do decide to try something that you're unsure about, the staff at your local hardware store or home center may be

able to provide helpful advice and information.

Above all, plan ahead. If you're hiring a contractor, you'll need to explain exactly what

you want to have done.

And if you're doing the work yourself, there's no reason not to be fully prepared for the job you're undertaking.

## Extend the life of your carpet with maintenance

When you think about spring cleaning, do these chores come to mind—washing windows, waxing kitchen floors, cleaning curtains, scrubbing bathroom tiles?

Well, now you can put something truly imaginative on your list: Adding stain resistance to your old carpets.

Whatever type of carpet you have, it's wise to vacuum regularly and clean up spills promptly. Periodic professional cleanings will also prolong the beauty of your investment. This will remove tiny particles of damaging grit and soil that even vacuuming won't remove.

Here are some things you can do to maintain your carpet's appearance in between professional cleanings:

\* Treat accidental spills promptly, removing as much of the material as possible.

\* Blot the area with paper towels. Start from the outer edge of the stain and move towards the center. Don't scrub.

\* Wet the area with cold water, but do not over wet as this may saturate the carpet backing.

\* Blot up excess water gain with paper towels. Don't use a brush or sponge.

\* If the stain remains, apply a

mild solution of non-bleach laundry detergent (1 tablespoon detergent in 1 quart of cold water) to the stained area. Rub it deeply into the carpet.

Rinse the area repeatedly with cold water, blotting thoroughly with paper towels, until all detergent and water is removed from the carpet.

\* Place more clean paper towels over the stained area and let them remain overnight.

\* Once the area has dried completely, vacuum the area and brush the pile to restore the carpet texture.

Some foods, such as herbal teas and mustard, contain strong natural dyes. These stains should be removed by a professional carpet cleaner.

## Helpful painting tips offered

Many homeowners handle most of their home maintenance.

If you are one of them, and if exterior painting is on your "to do" list, here are some tips that will help you get the best results.

opposite, and later regret their decision.)

• If you decide to do your own surface preparation, you can simplify the task by using high-speed power washing equipment to remove dirt, grime and mildew. Contact your local

Top quality acrylic latex paint is particularly easy to work with and allows do-it-yourselfers to get professional-looking results. These paints go on easily, "level" nicely to provide a smooth, even appearance and resist messy spattering.

• You'll also save time and effort on tiresome cleanup tasks by using latex paint. Being water-based, these paints clean up easily with plain soap and water.

• As with any home improvement project, you should be sure to follow good safety practices. Wear goggles and rubber gloves when doing surface preparation.

If your project requires the use of a ladder, make sure it is structurally sound and free of paint buildup on the rungs. Place it at the correct angle (the base should be about three feet from the wall for every nine feet of height), and be sure it sits firmly on solid ground.

• For best results, apply your paint on mild days when the temperature is in the 80 to 85-degree range with little or no wind. These conditions permit the paint to form a strong protective film.

• If you paint on a sunny day, you can get better results (and keep cool) by painting in the shade. The north and west sides of a home are shaded in the morning; the south and east sides are shaded in late afternoon.

• Finally, think long-term and buy the highest quality of paint you can afford. Top quality acrylic latex paint costs more than ordinary paint, but it can last seven to 10 years or more, compared to three or four years for ordinary paint.

• Be aware that good surface preparation is critical to the success of any painting project, but it is not as psychologically rewarding as applying the paint.

For that reason, you may want to hire a contractor to do your surface preparation, but handle the painting yourself. (Some homeowners do just the

equipment rental center for help and advice on using this equipment safely.

• While you are at the rental center, investigate spray painting equipment. Power sprayers allow you to apply paint to large surface areas very quickly.

• Regardless of how you apply it, be sure to use a top quality paint.

# Avoid big roof repairs with a little protective maintenance

There are few things more comforting than having a good roof over your head. But your roof takes a tremendous beating from sun, rain, hail—even flying debris.

The conditions can cause all sort of embrittlement problems for both the roof covering and also the sealers that keep water out around vents, pipes, flashings and drains.

**Tips for a longer roof life**

Here are a few tips for homeowners and farmers with out-door structures that can help you prevent problems and dramatically extend your roof's useful life.

Small holes and breaks in roofs made of asphalt composition, mineral-surfaced capsheet or smooth-surface coatings are easily repaired. Cover with a 1/8" to 1/4" layer of roof cement, pressed into the damaged area and over a surrounding area of

about 4". Do the same for raised edges after cutting off all loose material.

If the damaged area is more than 1/3" wide or 2" long, put roof repair fabric in the cement, cover completely with cement and feather the edges.

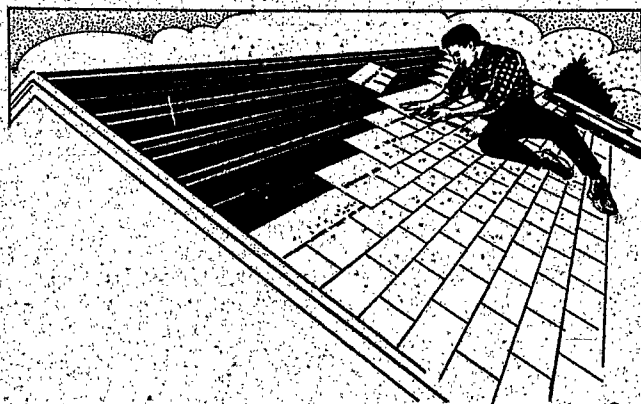

**Repairing large holes**

When holes are larger than 6", make sure the underlying roof structure is not damaged. If the structure is sound, cut a

and follow the regular procedure for repairing holes.

To repair flashings (the waterproof joints between roofs and walls, chimneys and rooftop equipment), first remove any loose material and clean the entire area thoroughly.

Next, cover the damaged area with roof cement 1/8" to 1/4" thick, extending at least 6" beyond the damage on all sides. Embed roof fabric, cover with

piece of roofing material similar to the existing roof at least 4" larger than the hole in all directions. Then apply the roof cement and follow the other steps for small holes.

For blisters, which usually signal a damp area underneath, cut with an "X" pattern, being careful not to go deeper than the raised area. Next, peel back the flaps, remove loose material and dry the exposed area very thoroughly. Then put roof cement into the blister, fold the flaps of the cut back into place

and cement and feather the edges.

**Replacing shingles**

If your roof has composition or wood shingles, you may have loose, missing or curled shingles and broken ridges. Loose composition shingles can be refastened with plastic cement.

Split shingles—composition or wood—are best repaired with metal shingles sold at repair centers. Simply slide them under the spot and cover all spaces where water can enter.

Broken ridges must be replaced with a material comparable to the one now on your roof.

## Tips on home insulation

By installing the right amount of insulation in your house, you'll be more comfortable; you'll also be getting the most value from your heating and cooling dollar, according to national electric utility trade associations.

On average, 60 percent of your home's monthly energy bill goes for heating and cooling. The right amount of insulation—in the right places—can cut these costs in half.

Your electric utility can offer free advice on how much insulation your house needs.

Where in your house should you insulate? The attic and basement (over and unheated crawl space) are two essential areas for insulation.

If you are building a new house, or adding siding, the exterior walls should be considered also.

Heating and air-conditioning ducts, if located in the attic or an unheated crawl space, can also be insulated for energy savings.

And don't forget an insulating blanket for the water heater. After home heating and cooling, water heating is your largest energy expense.

Many of the new water heaters already are insulated; check with your dealer to see if you should add additional insulation.

## Good laundry design saves time

Now more than ever, busy homeowners juggle work, family and leisure in an effort to maintain a balanced and satisfying lifestyle. For them, time saved on everyday tasks means time more happily spent elsewhere.

If you're as busy as the contest entrants, you too may benefit from putting theirs and other ingenious ideas to use. Consider the following:

**Keep storage close to laundry equipment.** A retired couple built in a two-tiered, turn-

around shelf near the washer and dryer. The shelf holds laundry ready to be washed or folded.

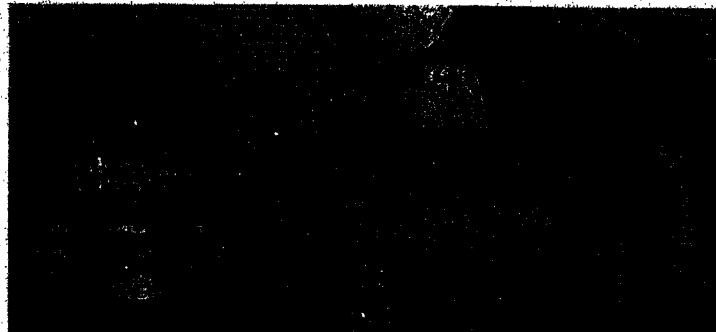

**Locate laundry equipment near a sink and storage.** Cabinets conceal laundry supplies and, when located near a sink, double as storage space for stemware, glasses and bar items.

**Place related conveniences near laundry equipment.** A couple with two active children installed a drip-drying closet next to the sink and laundry

equipment by using a shower-floor base with a drain and ceramic tile walls. They also installed a low faucet and clothing rod.

**Double up on space with stacked laundry equipment.** A single mother living in an older home installed a stacked washer/dryer in a compact closet near the garden and central kitchen island. On the inside closet door a fold-down ironing board saves even more precious space.

**Locate laundry equipment adjacent to existing plumbing.** When the most convenient plumbing hook-up seems awkward, consider locating appliances behind louvered cabinets and folding doors for easy concealment when not in use.

# Simple wallpapering steps

An easy way to give a room an entirely new look is to add wallpaper. "Installing wallpaper is not as difficult as you think. Once you establish your own style of hinging, it gets easier and easier," said Stephanie Wray, a design specialist.

First check the condition of walls to determine if you can paper over existing paint or covering, or if you need to remove or prime before you begin.

Clean painted surfaces with a solution of bleach and water then prime wall with wallpaper primer before hanging new paper.

The importance of primer is two-fold: wallpaper adheres better when placed over primer, and if you choose to hang new paper later, the primer also makes it much simpler to remove the old.

Plaster walls, as found in homes constructed 30 years ago (most newer homes have wall-board), present a special problem.

If you do have plaster, you will find it's a temperamental material and when subjected to the stress of removing old wallpaper or paint, may crumble and fall away from the wall leaving gaping holes. If possible, choose to sand and prime instead of removing old paper.

After cleaning and priming, gather tools such as a wallpaper brush, bin for water, several dropcloths and towels, wallpaper, level or plumb line, pencil, pallet or putty knife, razor knife, straight edge and a ladder and step stool.

To determine the number of rolls needed, measure the height and width of the area, multiply these two figures then divide by the square footage listed on the roll.

This number will be the number of double rolls needed for that wall. And make sure to carefully check those seemingly low prices for rolls.

When comparing prices, be sure to note whether the price is for a double or single roll of paper.

When buying paper, ensure that all rolls purchased have the same lot or run number. Rolls purchased from a different color lot or run may not match exactly.

Pre-pasted vinyl is the easiest wallpaper to work with. But if you choose to use paper without glue, simply roll out the paper on a dropcloth and spread glue with a wallpaper glue brush.

Measure paper on the wall, not the floor. Unroll against the wall, hold putty knife against the wall and paper. Cut above the putty knife leaving 3 or 4 inches of wallpaper at both the top and bottom.

After cutting, roll the sheet paste side out and place in water bin. Slowly unroll the paper through the water ensuring that all areas are damp.

Fold one end toward the middle of the sheet so that the paste sides are touching.

Fold the other end toward the middle also—this process is called booking. And it's important to lightly fold so a crease is not visible in the paper.

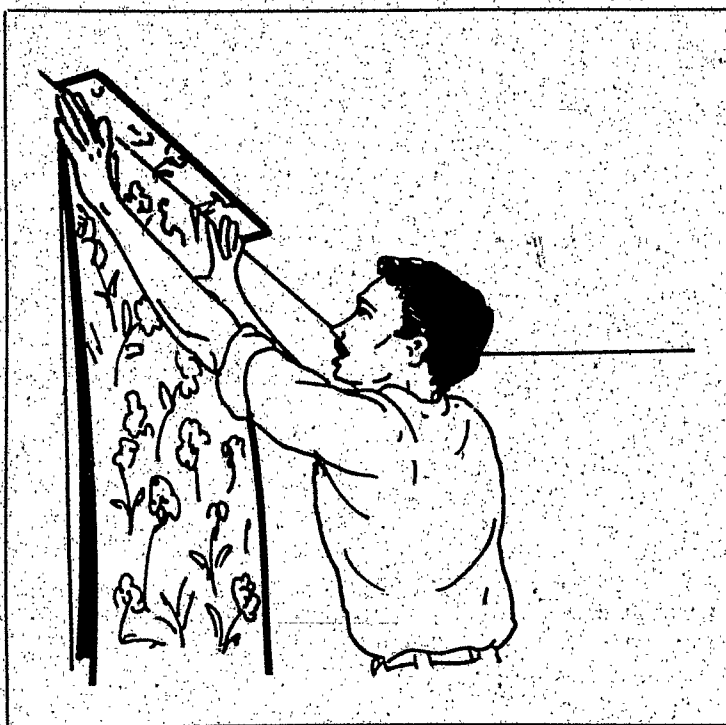

bottom.

Follow the same process for subsequent sheets, making sure to butt the edges of wallpaper together without overlapping.

A note of warning: if patterns have to be matched, there will be some loss of paper depending on the size of the pattern repetition.

The most important thing to remember when matching seams is not to stretch the paper to make them meet. If the glue is of the right consistency, the wallpaper will slide easily making the patterns much easier to match.

Stretched wallpaper may

Now allow the paper to expand and sit the stated amount of time on the roll so the paste becomes sticky. This could vary from 30 seconds to five minutes depending on manufacturer instructions.

After waiting a few minutes, it's time to hang the first piece. Start in the center of the wall, leaving the bottom part folded and stick the top section to the wall. Brush from the inside out to smooth paste, then unfold the bottom and brush smooth.

Lightly run the wallpaper smoothing brush across the paper before cutting, to ensure all air bubbles have been smoothed, remembering to pay special attention to the seams. Use a straight edge as a guide when cutting along the top and

shrink when dry and leave gaps. After each sheet is hung, sponge and wash excess glue, especially if the glue has made contact with any woodwork or cabinetry.

When papering near outlets, allow the paper to cover the outlet until most of the sheet has been smoothed. Paper around the outlet by cutting from the center of the outlet and working outward. Leave a little extra to tuck about a quarter of an inch under the switchplate.

When working into a corner, fold the paper into the corner and smooth. Make a plumb line on the new wall close enough to overlap the second sheet, then cut a straight line through both sheets. After removing excess, the sheets will easily butt together.

Plan an entire weekend for your first wallpapering project, assuming an area no larger than an average sized bathroom.

The next exercise in wallpapering might only take an afternoon.

# Make older home energy efficient

If you've bought a home that is in need of some renovation, the warm spring months are the perfect time to start a variety of home improvement projects. And one of the most important areas of renovation for any home is its energy efficiency.

valuable energy dollars, and make your home more comfortable.

Perhaps the best type of insulation for retrofit—bringing older homes up to new insulation standards—is "blown-in" insulation. It is noncombusti-

reduce the noise in your home, you should be sure to reap the energy-saving benefits that come with having the correct levels of insulation.

For most homes the Model Energy Code now recommends a minimum insulation level of R-19 in the sidewalls. R means resistance to heat flow. The higher the R-value, the greater the insulating power.

## Soundproofing Tips

In addition to insulating, if you are in the process of renovating or remodeling your home, here are some additional "sound" steps you can take.

- Install thick carpeting and padding.
- Caulk around windows and use weatherstripping.
- Use solid wood core doors or mineral core doors.

- Thick glass, insulating glass and storm windows.

- Select quiet, high quality appliances.

- Install telephones, doorbells, intercom and audio built-ins on interior walls only.

- Caulk holes made by wiring that penetrates connecting structures.

- Seal openings around ceiling fixtures air tight.

Having optimum amounts of insulation installed is one of the first steps toward an energy efficient home. This is particularly true for older homes because most do not meet today's insulation standards recommended by the Department of Energy (DOE).

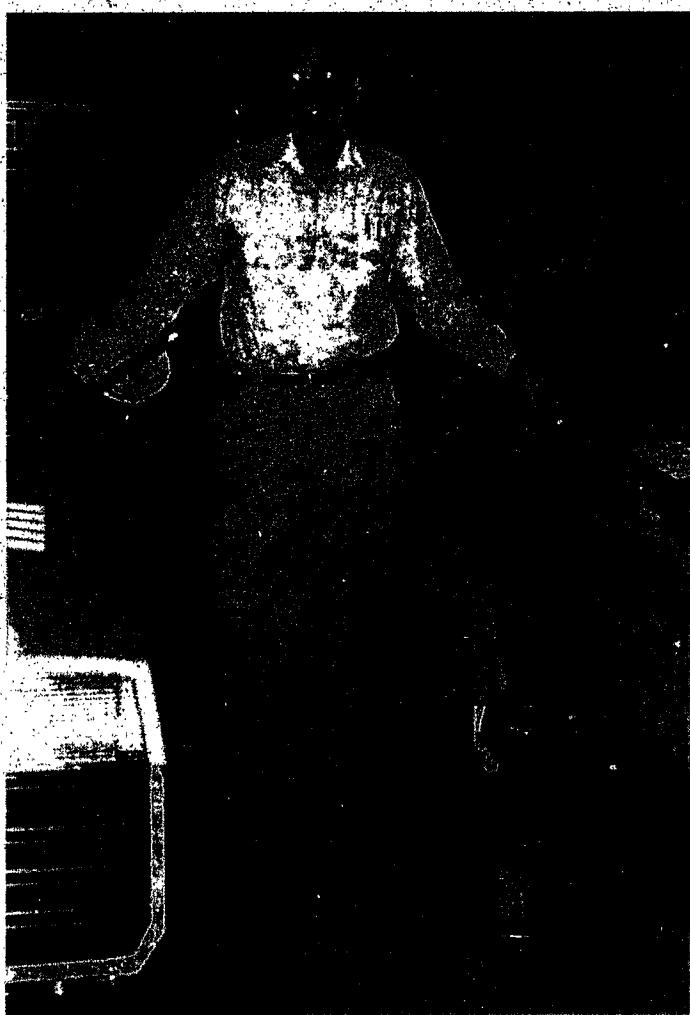

By upgrading your insulation levels to meet these current standards, you'll help to reduce your annual utility bills, save

ble, noncorrosive to pipes and wires, and does not provide sustenance for pests and vermin.

Blown-in insulation has several benefits. The major one is that it offers uniform coverage, especially in hard to reach areas. The material becomes an excellent thermal blanket, leaving no nook or cranny exposed for heat to escape.

## REMODEL YOUR HOME

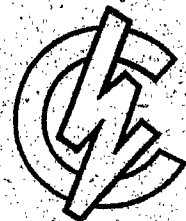

There has never been a better time to switch to a heat pump heating/cooling unit.

Coast Electric has a new financing program that will loan you the money you need to replace your gas, or worn out, inefficient electric system.

Move up to a heat pump and enjoy the extra savings and comforts.

Contact the Marketing Department at 1-800-624-3348 for more details on heat pump financing.
